Written and originally published by Paddington in the year 2019 under the title "The Truth". The text found in this document has remained unaltered by the Itzehoe Press. We decided to publish this anthology in hopes of exposing Paddington's writings to a greater audience and hence revealing the truth to more people. We at Itzehoe press urge you readers to share Paddington's legacy by sending this document to the people suitable for it.

Step 1: Convince these people that race does not exist but all humans are one race with different skin colors, so they will believe they will be replaced “by themselves but different skin color”

Step 2: Create fake reasons why immigrants should come to live with that people (skilled workers, guest workers, refugees, students, family reunification...)

Step 3: Ban statistics on race and religion among different age sections of that nation

Step 4: Repeat the same lie that foreigners are just 5 or 7 percent and will not change your nation

Step 5: Give huge welfare money to foreigners to finance their useless presence or finance their breeding like rabbits

Step 6: Allow every foreigner to bring his brothers, sisters, parents, cousins, wives and all family, who also will bring their relatives as well

Step 7: Give nationalities to all these foreigners

Step 8: Promote all the movements that reduce the birth-rate of the natives such as anti-family movies, abortion, easy-sex, homosexuality, transcendentalism, individualism

Step 9: Inflict poverty conditions on the native people by stripping them from their hard-work money to finance the welfare system. In France, Germany, Sweden, a young person who works will lose almost 32% of his/her monthly salary to the government which will make him/her reluctant on making children or forming couples

Step 10: Promote race-mixing, miscegenation between the foreigners and the natives in every movie, every TV show, every cartoon for children, every education book, every public sphere

Step 11: Ban free speech about foreigners, Islam or race by imposing political correctness and social organizations that fight “racism” so the natives will shut their mouths and accept their own genocide

Step 12: Promote the cultures of foreigners, promote Islam, promote all other races cultures and identities except the culture of the natives and Christianity

Step 13: Jail the leaders, the thinkers, the intellectuals & writers who are trying to awaken the masses by labeling them far-right Nazis who are spreading “hate” or “terror”

Step 14: Make the natives hate themselves, their history and all the great achievements of their ancestors. Re-write their history to destroy their pride in their race, ancestors or culture so they will not care about being replaced

Step 15: Promote guilt in the brains of natives, that they are responsible for all the miseries of other races & nations

Step 16: Promote individualism, the lies of global warming & overpopulation and promote humanitarianism. So the natives will stop having babies, instead they think about global warming or they want to adopt children from other countries of different races

Step 17: Ban free-speech about the real rulers of that nation, the Jews who are behind this sophisticated genocide that will take just few generations to be accomplished

‘Basically, communism was devised as a Jewish method of stealing all wealth and power from the then ruling class, which was white people. Now that the Jews are the elite ruling class, enacting communism would actually amount to enacting reverse-communism.’

‘Joseph Stalin was a creature of the communist machine, and ended up sending all the Jews to camps.’

‘Honestly, Jews are probably more afraid of Bernie Communism than they are of Trump Nazism.

Right-wingers are fundamentally authoritarian and ideological, so you can control them. You literally have conservatives supporting themselves being banned from the internet.

You can’t control a communist mob like that.

Communists will even lynch their own leaders – which brings us back to the Trump personality cult thing. Right-wing people have a follow-the-leader mentality, which always makes them so much easier to control than communists.’

"They are deeply involved emotionally in their attack on truth and reality. They attack these concepts because of their own psychological needs. For one thing, their attack is an outlet for hostility, and, to the extent that it is successful, it satisfies the drive for power. More importantly, the leftist hates science and rationality because they classify certain beliefs as true (i.e., successful, superior) and other

beliefs as false (i.e., failed, inferior). The leftist's feelings of inferiority run so deep that he cannot tolerate any classification of some things as successful or superior and other things as failed or inferior. This also underlies the rejection by many leftists of the concept of mental illness and of the utility of IQ tests. Leftists are antagonistic to genetic explanations of human abilities or behavior because such explanations tend to make some persons appear superior or inferior to others. Leftists prefer to give society the credit or blame for an individual's ability or lack of it. Thus if a person is "inferior" it is not his fault, but society's, because he has not been brought up properly. "

The bottom line is that women trade in sex because it is the only commodity of any value they have to trade.

Women are:

Not interesting

Not entertaining

Boring

Stupid

Not good at anything

Not knowledgeable or skilled in any field

Annoying

Irate

Egotistical and self-centered

Emotionally unsound

Vindictive

Lacking in any form of morality

Incapable of contemplation or self-analysis

Incapable of caring for others

They have literally nothing to contribute to society.

As Schopenhauer wrote in "On Women" all those years ago:

Only a male intellect clouded by the sexual drive could call the stunted, narrow-shouldered, broad-hipped and short-legged sex the fair sex: for it is with this drive that all its beauty is bound up. More fittingly than the fair sex, women could be called the unaesthetic sex. Neither for music, nor

poetry, nor the plastic arts do they possess any real feeling or receptivity: if they affect to do so, it is merely mimicry in service of their effort to please. This comes from the fact that they are incapable of taking a purely objective interest in anything whatever, and the reason for this is, I think, as follows. Man strives in everything for a direct domination over things, either by comprehending or by subduing them. But woman is everywhere and always relegated to a merely indirect domination, which is achieved by means of man, who is consequently the only thing she has to dominate directly. Thus it lies in the nature of women to regard everything simply as a means of capturing a man, and their interest in anything else is only simulated, is no more than a detour, i.e. amounts to coquetry and mimicry.

Modern society has created a gigantic illusion that they are contributing through various affirmative action and welfare programs, but anyone who steps back for even a minute and surveys the situation will recognize that they are worthless.

Women exist purely for the purposes of sex and reproduction, and for assisting men in menial tasks, such as picking fruit, cooking meat and washing clothing. Modern technology has made most of their functions obsolete. And yet there they are in the workplace, doing nothing, looking confused, getting in men's way, making outrageous demands.

The jews have never built a civilisation of their own. They ALWAYS weasel their way into other people's civilisations and do the following things:

- Engage in corruption, bribery and blackmail
 - > (to acquire wealth and power over the host)
- Engage in usury and rent seeking
 - > (to enslave the host via interest)
- Engage in the manipulation of otherwise sound laws for their own benefit over the host population
 - > (e.g. use free speech to promote porn while simultaneously using anti-discrimination laws to restrict free speech)
- Promote race mixing and attack nationalism
 - > (because this helps them hide among the host population)
- Promote homosexuality, pedophilia, pornography, divorce and abortion.
 - > (creates broken people incapable of fighting back)
- Degrade social cohesion, community and the family
 - > (this prevents you from organising to remove the parasite)
- Take over the monetary supply of the host nation thus also controlling governance
 - > (stealing the people's ability to decide their own future)

- Critiquing and undermining healthy societal norms and replacing them with diseased unhealthy substitutes

- > (e.g. Male/Female polarity with tranny mutilation and mental illness, this allows them to engage in jewish perversions without criticism)

- Driving down wages and utilising slave labor or slave like conditions where possible

- > (they would rather use slaves or drive down wages than pay workers, they were behind slavery in Ancient Rome, Ancient Egypt, The British Empire and Old America)

- Manipulating the economy to create booms/busts and seize wealth

- > (e.g. offer loans then crash the market and seize all assets at little to no cost, stockpiling unearned wealth at the expense of the host people whose families end up bankrupt and destitute)

These jewish racial behaviors lead eventually to the death of the host, just like any other parasite that is left to swarm and devour. They are a vile little creature that deserves no treatment better than that of a common tick or tapeworm.

That's really what 95% of feminism boils down to. Sex, and women believing they have supreme authority over it, and all that entails, at all times, and if you contradict them or oppose them in any way then you are "literally Hitler" and they will seek to destroy you in all forms to protect their power. I'm not even joking about that, if you view everything through that lens all of their actions make perfect sense and come into focus very clearly. Women want into the work place, knowing it's all shitty jobs and hard work for 99% of them and is usually soul crushing over all. Why? Because then they can have sex with whomever they want, whenever they want, they aren't reliant on a husband for support so they can fuck around as they please. Women want into colleges more and more and want more spaces for themselves creating a situation where only the athletes and the absolute smartest and hardest working men are going to be afforded spots, despite the fact the vast majority of programs these women join provide useless pieces of paper and no practical training that will amount to anything. Why? Because those degrees require damn near zero fucking effort, leaving them to spend all their time focused on the men, and that means they have insanely easy access to sex with athletic men, and have already weeded out the vast majority of men for potential "marriage material" (i.e.: some loser to pay for their whoredom) so they don't have to do all the work on their own out in society. Easy sex now, and setup for longer term situations down the line with some cuck to support them.

Women want easy and free access to birth control and abortions (while the "free" push isn't as public atm, make no mistake it IS coming), despite the damage it does to their bodies and the fact they're murdering the most innocent, weak, and vulnerable form of human life. Why? Because pregnancy and children make them far less appealing to fuck, and eat up much of their time and resources leaving them far less time TO fuck. I can keep going, but that is ultimately what it all boils down to, pleasing their vaginas and keeping a stranglehold on men who wish to have access to their vaginas. It's why they both hate and fantasize about rape so much, it's a man taking away all their power by sheer force and not submitting himself to them which they despise, but they also massively get off on the idea of being subjugated by someone standing up to them and realizing they cannot fight back and simply taking what he wants, that makes them wet, it's why they write about it so god damned much that it's frankly sickening. It's why they put each other down constantly, but never address female on female

"slut shaming" and the like and only blame men for it. Because they know they do this to each other FAR more than men ever will, but they use it to try to increase their own value and may the best whore win. Its why they don't give a fuck about "oppressed women" in the 2nd and 3rd world, because it's never been about female freedom, it's always been about individualistic desires to get wet and get off.

And on and on. When you stop and realize this, all female/feminist actions make much more sense. You don't have to wonder "why" they think about how they do about abortion, or pills, or college, or whatever else, the answer is ALWAYS "to please their vagina and hold power over men... basically, sex." They're very simple creatures when you get right down to it, their entire existence can be summed up in one word... pussy.

>the root cause

That would be women's suffrage. That's the root cause of every problem today. Women are the voting demographic that broke through every wall to advance the Marxist agenda of social, cultural, and inevitably demographic destruction. None of what's happening today could be possible without the female vote. None of it. Women are the original weapon that was used to stab us in the back. That has to be held against every woman until they are no longer in a position to be used against us. Whether they're good or bad on an individual basis is irrelevant. As a whole, they are totally and completely destructive so long as they are able to be used for political and social gains.

Are the Jews forcing women to falsely accuse men of rape, violence and harassment?

Are the Jews forcing women to do all this alpha male, loser, bad boy, grow a pair shit?

Are the Jews forcing women to divorce men when we lose our jobs and lie in divorce courts?

Are the Jews forcing women to turn men against their friends, brothers and parents?

Are the Jews forcing women to ask for money in return for sex?

Are the Jews forcing women to falsely play the fathers victim in front of their kids to demonize the father?

Are we just going to ignore the fact that women have been putting social pressure on the media for over 100 years to become more and more feminist?

Are the Jews forcing women to physically assault men arrogantly just because they're women?

Are the Jews forcing women to protest naked and wear short/tight/revealing clothes?

Are the Jews forcing women to argue/verbally abuse with their husbands viciously and deceptively to make them feel bad and question their own sanity?

Are the Jews forcing women to nag their husbands to death?

The fact is that women were always known to be the worst evil. It's a FACT.

Look, virgin, all cunts are like that to some degree.

They want that. They want to be nothing but to be owned by a bad mother fucker.

Why do you think serial killers get so many love letters and marriages etc.? Because of their stellar, caring, and loving personalities? Or maybe you think convicted felons in prison make so much money that their bank account makes the bitches wet?

Why do you think 50 shades of grey is the bestselling book(s) of all time?

Why do you think they're throwing men in prison for speaking out against child grooming/prostitution gangs? Who runs the government in the UK where they're doing this? They have a queen don't they? They have a female PM don't they? And in Germany, where the "sexual emergencies" and rape gangs roving the streets who leads their government? Merkel is a woman. And in Sweden the feminists have power-- and what do they do? They bring in more Muslims. Yeah, Islam is famous for how well they treat women eh?

Actions speak louder than words, anon. You had better fucking learn that lesson in regards to women or you're heading straight for divorce rape; do not pass Go do not collect \$200.

The story:

Jew was boss in factory. He called a 13 years old girl to his office. She never came back. She was never seen alive again. This alone will implicate any lesser man, but not a Chosen One. So the girl was considered missing, until her corpse was found in basement, next to furnace, in what seems a poorly executed attempt to destroy evidence. The janitor confessed to everything: he brought girls to Frank, he fucked them, this time he killed her, and the janitor failed at getting rid of the corpse. Despite all evidence and confession, the jew was untouchable by the law due to being jew, had to be lynched, now he's a jewish martyr.

The copse was found with this note nearby

>"Mam that negro fire down here did this I went to make water and he push me down a hole a long tall negro black did [had] it I write while play with me"

That's the 13 year old girl writing in ebonics while being raped. The note was dictated by Frank and written by the janitor accomplice (black, obviously) to frame another black employee. It was thrown in the garbage next to the victim, perhaps after the janitor realized how absolutely stupid this plan was. The jew tried to frame the same man again later by putting bloody women clothes on his propriety, except they were perfectly clean aside from the blood, freshly purchased and never worn. Jewish high IQ. Absolute clown case, but he still would have walked unless mobbed.

If you found a genie in an oil lamp, all you'd need to wish for is, "Let all the fevered imaginings about White people by antifa, SJWs, and jews be true." That's all it would take to fix the situation. You'd return to the US to find:

Trump sporting a mustache and thumping the podium under the banner of the glorious Hakenkreuz, in between Roman salutes.

White men wandering around everywhere with 100% legal automatic belt-fed weapons.

The shriek of thots being thrashed into submission and the laughter of police ignoring their plight resounding from the purple mountain majesties and the fruited plain.

Rednecks in vast gas-guzzling pickup trucks roaring around with Confederate flags flying, driving coffles of singing niggers into the cotton fields* (*preferably the cotton fields of Africa, so to speak).

ICE brutalizing spic invaders or flinging them into concentration camps with sharp, barked cries of “schnell, schnell!,” while blanketing the border in nerve gas whenever a caravan approached.

Faggots of every stripe driven back into the closet and in peril of encountering RWDS if they so much as stuck a nose out of it.

Mosques and sandniggers outlawed, churches and vast Mjolnir monuments covered in runes springing up everywhere.

The Situation We Face

There is a war against White people. Whether or not you choose to fight for your race is meaningless, nor is your acknowledgment even necessary. You’re in this war nonetheless, and you will be treated the same by the enemy as those Whites who fight for their race. Facts can’t hurt you, but ignorance of the facts concerning race can.

Blacks attack Whites far more often than Whites attack Blacks. As for why people don’t know this fact, I put equally on three trusted institutions:

- 1.) The justice system, which has failed to protect its citizens.
- 2.) The mainstream media, which does its best to memory hole the atrocities that are occurring on a daily basis.
- 3.) The education system, which teaches non-Whites to hate White people, and White people to hate themselves, their culture, and their history.

Critics often point out that most White people are killed by other White people. This is true, just as most Blacks are killed by other Blacks, not Whites, nor cops. However, what they are loath to discuss, at least not without resorting to name-calling and/or outright dismissal of statistics and facts as “racist”, is what happens when one looks at interracial crime. While some quite heinous examples of White on Black crime do exist, they pale in comparison, both numerically and in their savagery, to the daily Black on White attacks, robberies, rapes, and murders.

The overall savagery exhibited in the interracial crime cases that I cover can’t be matched, save for what is going on in South Africa, with White South African farmers being slaughtered whole families at a time, while the media focuses on the “Muslim refugees”, who are busy committing their own atrocities in European nations at the behest of their childless leaders.

This isn’t a new phenomenon by the way. In fact, this has been going on for several decades. It’s merely the frequency of Black on White crime that has increased. This goes hand in hand with desegregation, which forced Whites and Blacks into close proximity with each other. Rich Whites can buy their way out of diversity, while the average White has to put up with subhumans that demand to be treated as equals, yet balk at being held responsible for their actions, or those of their children. “My baby didn’t do nothing!” is a familiar refrain to those who’ve studied Black crime.

Blacks have been, and always will be, violent savages that don’t deserve to live alongside civilized people, or to even be called human. They have a primal hatred for the White man, and care not for his laws, customs, language, or history. “Feelings” are merely a tool to bleed more out of the host they

hate, for, as a parasite, they can't escape. This explains the rather understandable phenomenon known as "White flight", and the anger directed at Whites who refuse to go along with this retarded charade known as "multiculturalism".

The media has brow-beaten the White race into remaining silent as they are picked off one by one by criminals, who are given lax sentences, and early releases, allowing them to victimize again. In most cases these horrible crimes are barely reported in the media, who often withhold pictures of the attacker(s) and/or the victim(s), lest the White race realize that "diversity" was never supposed to benefit anyone. It's used solely as a wrecking ball against anything White. This is the same media that highlights the comparatively few White on Black crimes, with reminders on their anniversaries.

For the uninitiated, it might appear that Blacks are unfairly discriminated against. However, anyone who has dealt with them on a regular basis outside a carefully controlled environment, knows what a truly horrible lie this is.

They deserve all of the hate they currently receive, as well as the comeuppance that's in progress. The only thing they have going for them in their quest for "equal rights", which is a codeword for special treatment, is the media actively hiding their true nature. This is behind the push to censor the Internet.

They want control of the narrative, because when people learn the truth, they get angry. Truly angry people are hard to control, and they won't be bought off with electronic gadgets like bugmen. More so, when people wake up and get angry, they begin to tell their friends. The throttling of select content and outright banning of select content creators on traditional social media platforms, is an attempt to make the online world match the tinsel of the multicultural Hollywood lie the media has been selling us for decades.

My Graphics

The cases I cover range from murder, to hit and run accidents. The reason I cover so many different kinds of cases, is to show the consequences of desegregation, and why segregation needs to be brought back.

Some might ask why I cover a small amount of race mixers in my graphics. "Burn the coal, pay the toll!" is a familiar reply to those graphics when I post them. Just like the White people who foolishly try to buy/sell drugs from Blacks, or, even worse, attempt to be friends with them, they would've never been anywhere near a Black had they been told the truth. Quite a few of the victims end up being the children of the race mixers, and so I show those cases to highlight the danger not only to the race mixers themselves, but anyone who has any contact with them.

When I'm gathering pictures and info for a case, I often come across online memorials, videos, and the victim's social media accounts. These frequently contain pictures from their childhood. It's in these pictures that you see the victim before they were brainwashed into self-destruction. If they could've been reached back then, then perhaps their lives wouldn't have ended so tragically, and so soon.

I've had people question my limited coverage of police deaths in the line of duty. My coverage of police deaths isn't because I support a police state, but rather, because I like to highlight the differences in how the cases are handled compared to crimes against regular citizens. Not just the media response, but also the sentences handed out to the convicted.

It's also helpful to illustrate that one of the reasons given for the more heavy-handed police tactics in recent years, is because of the increasingly violent crime they face. The police cases I cover help illustrate where a lot of this is coming from, though, just like with the race mixing and drug dealing cases, I only cover a small amount.

I realize my graphics will never bring back the dead, but if more people knew the truth, then we'd have less of our people falling victim to these subhumans. The victims also deserve to be remembered, even if some of them made some mistakes, they're still our brothers and sisters, and I love them.

By making individual graphics, I allow people to spread the cases that THEY care about. I would never tell a person how to feel about a particular case, regardless of my feelings on the matter.

I strive for accuracy, and have tried my utmost to verify everything that I produce is correct, with the victims being White (non-Jewish), and the attackers being Black. There are some cases that involve an attacker that is a Black-hybrid of some kind, as well as a few cases involving groups of Blacks with a White accomplice, and/or some other non-White. These are covered as well, as it shows that if you hang with dogs, you'll get fleas.

That being said, my graphics are a work in progress, and are updated as new information becomes available. I use surname research to help with verification, along with demographic info on the cases where the victim isn't identified because they survived a sex crime. In the cases where the suspect has yet to be caught, I hope that the graphic helps lead to an arrest.

You may call me names: racist, bigot, hateful, evil, nazi, etc. It doesn't matter what you call me, anymore than it matters who I am. The one name that you can't call me after examining the entirety of my work, is a liar, because these stories are all true.

These graphics will continue to be made, and nothing I'm labeled will change that. We are defined by the legacy we leave behind. I want my legacy to be that I fought for my race. My people are being slaughtered, and the media actively covers that up, as well as our failing criminal justice system, which lets these monsters loose to maim and kill again.

White Guilt

There is a guilt complex that has been installed in a large portion of White people by the media and the education system, which surfaces when talking about interracial crime. This results in a group think mentality, where one victim makes excuses for their attacker(s), which is parroted by other victims, which becomes the approved narrative going forward.

Because I'm talking directly to my fellow Whites, I look at this a lot like a civil case in US courts, which are usually based on a preponderance of the evidence. Not only am I producing that, and will continue to do so, but one will notice that the other side has nothing of substance to counteract my message.

They can cite what few White on Black crimes there are, but it's a drop in the bucket compared to what I've produced so far (over 1000). The message is quite clear: There is a war against White people, with various trusted agencies; the justice system, media, and education system, working together to keep White people in the dark about their own destruction.

White people are the only group you're allowed to discriminate against. All White companies are knocked for "lack of diversity", regardless of the quality of the product they produce, which just goes to show that diversity is just a code word for less (and eventually no) White people. Can you imagine if affirmative action was applied to professional sports?

A Few Examples

When one reads through these cases, it can't escape their notice how often the attacker is a felon out on parole. Sometimes it is days, other times they manage to make it slightly longer, but eventually they commit even worse crimes than what they did to get sent to prison the first time.

I can't help but think of poor Lauren Anne Deis (#0043), who was raped and killed by violent sex offender Tushon Brown, who was paroled despite the concerns he would offend again. Nonetheless, he was paroled, and raped Lauren before stabbing her to death. He then had sex with her corpse, before attempting to cut off her leg so he could stuff her in a clothes bin. When that didn't work, he put her body in a basement closet for 6 days, before disposing of it.

Whenever a White commits a crime against a Black, the response from the police is that they'll investigate to see if it's a hate crime, with the media often playing up the racial angle, even before all the facts are known. Whites are rarely offered such an investigation, and the media downplays any racial angle.

Even when the Black attacker says it was racially motivated, such as the case of Brittney Fox Watts (#0156), who was targeted by Nkosi Thandiwe, who told the court that he targeted Whites:

"Correct me if I'm wrong, but you were trying to spread the message of making White people the enemy," asked Assistant District Attorney Linda Dunikoski. "Yes," replied Thandiwe.

Thandiwe worked as a security guard in the building where Brittney was killed, and mentioned that his views developed when he was an Anthropology major at the University of West Georgia. This brings up the education system's role in the fomenting of anti-White hatred in the younger generations. The education system works hand in hand with the media to craft a narrative of non-White victims, and White oppressors, which also leads to even more violence against Whites, as well as silence from surviving White victims.

An all White jury is seen as unable to render fair verdicts, and the media makes a habit of playing that up, especially when talking about convictions in older cases. Take the case of 7-year-old April Cherié (court documents have her middle name as Sherry) Turner (#0826) who, in 1989, was brutally raped by Henry Lee Harrison, then stabbed 36 times in her neck, 6 times in her forehead, and once behind her left ear. According to the autopsy, her genital area had been subject to a "massive penetrating tearing injury" so severe, nothing separated her vagina from her rectum.

Harrison was convicted and sentenced to death, but that was successfully appealed in 1994 on the basis of "life-long mental retardation", and "chronic paranoid schizophrenia". In that appeal, it was said: 22. The district attorney abused his discretion in seeking the death penalty against Henry Lee Harrison, a Black, for the murder of April Turner, a White.

Mental retardation as a basis for not executing is brought up quite often, and is successful enough times that it will likely continue. This is partially due to the fact that a lot of Blacks are bordering on mentally retarded IQ-wise, even if they aren't technically mentally retarded.

The excuses that are given for why these monsters can't be put down are endless, but little thought, if any, is given to the victims and their families. This is illustrated by the habit of the media of referring to the victims by their last names, and the attackers by their first names. I make it a point to do the reverse, so that we refer to our lost brothers and sisters, who remain alive in our hearts, the same way as when they were alive, the soulless monsters that stole them from us being referred to by an impersonal last name.

The Parker family massacre (#0011) is a perfect example of our broken justice system. The Parkers; Carl "Bubba" Webster Parker 58, Bobbie Jo Aulridge Parker 45, Gregory Wade Parker 12, and Charlotte Jo Parker 9, were returning home from church February 2, 1990 in the small town of Walnut, MS, home to little more than 500 people, when they walked in on Robert Simon Jr. and Anthony Carr burglarizing their home.

The family was tied up at gunpoint. 9-year-old Charlotte was raped and sodomized, before being shot 3 times, all while Carl Parker was forced to watch. They cut off his finger to steal his wedding ring, before shooting the whole family, then setting the house on fire. Bobbie Jo's body was burned beyond recognition, preventing the coroner from determining if she was raped and/or sodomized. Bobbie, Carl, and Gregory died of gunshot wounds, while Charlotte died of smoke inhalation.

Simon and Carr are still on death row, nearly 30 years later, kept alive by excuse after excuse. In 2002, an attorney for Carr said he was mentally retarded, and therefore ineligible for execution. In 2011, Simon was 4 hours away from his execution, when it was halted by a federal appeals court, because Simon said he fell and suffered a brain injury and had amnesia. In 2016 it was ruled he was faking and his execution was back on.

Dean Parker, Carl's son from a previous marriage, died in 2017, still waiting for justice for his father, step-mother, and half-siblings. Quitman County had to raise taxes 3 years in a row to pay for the defense of Simon and Carr.

The Parker family massacre is but one of many that most people will never hear about. Yet, if the races were reversed, we'd still be hearing about it, and the killers would've been executed long ago. Note that when he was Attorney General, Eric Holder wanted to halt all executions, going so far as to take the death penalty off the table for the four gang members who murdered Kevin Wayne Quick (#0223). Yet he had no problem with Dylann Roof getting the death penalty.

Speaking of Dylann, I find it interesting the way the media framed his unfortunate outburst in church. The narrative is: "he hates Blacks". By keeping it simple, they get White people to dismiss anything he might say or write, all the while repeating the narrative in the media at every opportunity. If a White person were to read his manifesto, they might find themselves agreeing with what he wrote, even though they object to what he did. The last thing they want for anyone to have for any White person, is sympathy.

My Background

I was raised to treat everyone with equal respect until they show me a reason they don't deserve it, much like most of the White people I know. This works around fellow Whites, but falls apart when dealing with non-Whites. The problem is that far too many Whites get their information about non-Whites from the mainstream media, and limited interactions with them. This paints a dangerously deceptive picture of race relations.

Going to diverse public schools, I had a chance to see multiculturalism in action. This consisted of classes where we were divided into groups with the most diversity, before being assigned group projects. The Whites and Asians would concentrate on the assignment, while the Blacks and Latinos would busy themselves with anything but the assignment. The end result, is that the Whites and Asians would do nearly all of the work, while the Blacks and Latinos still got equal credit. A primer for “affirmative-action” if there ever was one.

When we’d get out of class and head to lunch, a remarkable thing would happen. Almost without exception, the kids separated off into their racial groups and went to a different section of the cafeteria. For the most part, that’s how it stayed, even in school assemblies and spirit events, much to our naive teachers’ chagrin. There was a certain pleasure in watching these baby boomers talk in class about how it was “only a matter of time” before all the racial problems were somehow solved and we’d all get along, only to have reality get in the way.

I hung out with the smart kids, which were mostly White or Asian. The Whites and Asians in my group weren’t treated all that differently by our peers, save for some teasing about taking our heads out of our books and playing sports once in a while. The Blacks and Latinos on the other hand, were ridiculed for “acting White”, and being “sell outs”. The biggest barrier to the few non-Whites who want to achieve something with their lives, is their own people trying to stop them.

The Media

Some people paint the media as impartial observers. However, given their history of promoting lies and war over truth and peace, I consider them enemy combatants, and undeserving of the respect and protections traditionally afforded to neutral parties.

The consequences of their lies abroad are clear. However, the consequences at home are even more serious. They’re part of the attack on social cohesion, playing up the natural hatred most Blacks have for Whites, and using that to force Whites into handing over everything we’ve built and earned. The demands never stop, and will only grow. First it’s the media attacking confederate monuments. The next thing on the chopping block, are the founding fathers.

The media is no friend of non-Whites either, as they will only let their pets speak if the message is kosher. The media suppresses news on the race war going on in the public schools in places like California, where Blacks and Latinos are involved in open gang warfare.

“Dark Alliance” by Gary Webb is a must-read investigation into the CIA’s role in drug running to fund Nicaraguan rebels against the Sandinista government. This helped fuel the crack cocaine epidemic in South Central LA in the 1980’s. Another good book is “Whiteout: The CIA, Drugs, and the Press” by Jeffrey St. Clair, which goes into detail about the real history of the CIA.

The Justice System

The justice system is supposed to be blind, but one would have to be blind to believe that to be true. I could go into many different cases, but the “justice” handed out in the case of Jayla in Twin Falls, Idaho (#0218) speaks volumes. This poor 5-year-old girl was sexually assaulted by “refugees” from Eritrea (African), and Iraq (Arab), in an attack recorded by her attackers.

What was the punishment handed out? We’re not sure, but it involves no jail time, with the exact punishment being sealed, and a gag order being issued by Judge Thomas Borresen of Idaho’s 5th

Judicial District. This means the girl's own family is being prohibited from saying anything about the decision, other than they are "unhappy with it".

The Education System

The only function of our modern education system, is to brainwash the children into not questioning anything told to them by those in power. Those individuals that question the system and who resist the programming, they've surrounded with unthinking drones called peers. Instead, they've turned everything into feelings.

To that end, they fill the White children with guilt over non-existent crimes, while simultaneously teaching non-Whites that anything bad in life is because of White people in some way. This is paired with the media reinforcing the same message with movies and television shows that portray Whites in the worst way possible, always denying non-Whites a fair chance to compete in the world.

This not only angers the non-Whites, it also causes the Whites to think that most non-Whites are "misunderstood", and so they attempt to befriend them partially out of guilt. This also leads to the phenomenon of having a token non-White friend as some type of status symbol, not unlike White girls who date outside their race.

This leads to tragic consequences, such as the case of Kye Matthew Boudreaux (#0220), who went camping with his "black friend" Detrell Scott, only to have Scott shoot him in the back of the head with his own gun. Scott then stole Kye's wallet, car keys, cell phone, and some drugs he had on him.

Kye's boat was found drifting in the water the next morning, his truck and trailer found in a sugar cane field after Scott unsuccessfully tried to burn them. Scott bragged to friends in text messages: "Man, bra, I knocked my White boy off last night."

Kye should still be alive, as should countless other White people who were fooled into believing a horrible lie.

Self-hating Whites

This is a group that I'm hoping to reach, even though they're programmed to reject me and my message. I'm sure plenty of people that I've covered in my graphics would be appalled at what I'm doing. However, what if that same person had a friend they trusted, that introduced this material to them when they were younger?

Culture jamming is nothing new, but I'm hoping that my graphics will have an impact all their own by merging information, and the means to verify it, all in a package that is easy on the eyes, even if the information it contains is hard on the heart.

Other Races

Latinos

While some people seem to hold Latinos in a higher regard than Blacks, I'm not among them. They might have a slightly higher IQ than Blacks on average, but they also seem to use that extra intelligence to be even more sadistic when they commit crime.

I've started a separate series called "White Victims of Illegal Aliens" that contains, as one would expect, mostly Latino cases, though any illegal alien qualifies. With this series, I hope to show the true cost of illegal immigration, though I'm opposed to any immigration from non-White countries.

Asians

Out of all the non-White groups I've experienced, I've found Asians to be the easiest to deal with overall, although just like Latinos, Asians are a spectrum. I've found Asians also to be the most understanding when it comes to having an aversion to dealing with Blacks.

Jews

I honestly didn't even know that much about the Jews when I was young. I only really recognized the ones in full Orthodox dress, but that is because I thought it was merely a religion, as opposed to a race as well. On that note, there are many different groups known as "Jews". When I speak of Jews, I speak primarily of the Ashkenazi Jews, and Sephardi Jews.

There are plenty of graphics out there that illustrate Jewish control over the media, including the news networks. There are also plenty of graphics that show the Jewish role in pushing desegregation, with the media covering up the very crimes I'm covering in my graphics.

The key thing to keep in mind, is that Jews aren't White, and don't have White people's interests in mind. "Is it good for the Jews?" is the only question Jews ever ask themselves. There's a section on The Daily Stormer called "Jewish Problem", which is a good way to learn about what they're up to now, as well as have their history pointed out to you.

Solutions

Freedom of Association laws need to be restored, as well as segregation. One is often allowed to ban dogs, cats, and other pets from their rental properties because of the problems associated with them. Why isn't race on the list? We admit pit bulls are dangerous, why not Blacks?

I hope that my graphics help convince people to voluntarily segregate themselves, and choose friends that do the same. If there was a strong social pressure to segregate, a lot more White lives could be saved.

Final Thought

A person's reaction to my work, is directly proportional to the amount of information that has been withheld from them. While a violent reaction isn't my aim, given the severity of the censorship, a few shots are bound to leave their mark.

These slant-eyed sub-humans, who haven't accomplished a single significant thing for thousands of years, are given all of the credit for modern day technology. All of it. White men invented all of it, and the title for the most intelligent and driven goes to the slant-eyed monkey people. Why? Because people like their stupid fucking anime, and their stupid fucking pop music. They are praised as fucking gods among us by these sub-humans who like this shit. They see them as perfect and superior, and comment all over the internet about how "no matter how good you are, there's always an Asian better." White men single-handedly progressed humanity from the Iron Age to today. Single-handedly! White men invented all computer technologies, the internet, electrical technologies, plumbing, modern architecture, roads etc. Yet a fucking slant-eyed monkey sub-human dances or

plays a guitar a white guy invented, not even that well, and suddenly you see endless pages of comments praising their supremacy as a people. Meanwhile everything in the video was invented by white men, and you can easily find white men using/doing it better. There would not be a first world country in Asia without our intervention. I fucking hate Asians. More than anyone. I'm so sick of the accomplishments of white people being given to these sub-humans. They have done nothing for thousands of years. They are trash. Genetic filth. Anyone posting anime on here has a deep-seated inferiority complex toward these sub-humans. It's so blatantly obvious. You cannot engulf yourself in their inferior culture, without putting them on a pedestal above you. I have never seen a person who likes anime, or k-pop, or video games etc. who did not praise these sub-humans, and for absolutely no reason based in reality. East Asia is a construct of white people. Their "civilization" is ours. We made it. We exported it to them. They have accomplished nothing.

The more I see people demeaning whites as unaccomplished, no-skill trash, and praising these slant-eyed monkeys for everything white men have accomplished, the more I hate them. I hate them more than jews. More than niggers. More than anything. They are no more accomplished than niggers, and yet they're treated like intellectual gods. What the fuck have they ever done? We should have fucking genocided them.

What's hilarious and ironic is that the USSR did have its own version of "multiculturalism," except unlike the faggotry in the west the Soviet system was more or less for the good of the nation. There were 15 member republics of the USSR, along with a hundred or more smaller ethnic groups. You had Slavs (Russian, Belarus, Ukrainian,) Armenians, Georgians and other Caucasoids, Baltic peoples, Moldavians, and various Turkic and Mongoloid peoples, plus students and scientists from all over the Warsaw Pact and across the communist world. They all had the opportunity to get an education and become successful contributors to the development of the state. That's how you got Armenian nuclear physicists and Azerbaijani rocket scientists. No artificial quotas, no "affirmative action," and everyone who wanted to succeed on a national level had to master the Russian language and acclimate themselves to Slavic social norms.

When you saw a successful non-Russian in the USSR, you knew that they actually earned their success, unlike the worthless and dangerous affirmative action niggers you see in the west. In an unironic sense, the USSR will ultimately be remembered as vastly superior to western democracy - except for faggots in Eastern Europe who hate Russians and would rather be in NATO and the EU where they can watch their skank daughters and faggot sons get BLACKED.
